

December 10th Digital Literacy

Using Microsoft Movie Maker to extend your writing projects – This program is available on our D2 computers. Come and see how to use it to import video, pictures and sound to create interesting and innovative projects for your classroom. Please bring your Notebooks, digital camera with cord -if you have them.

January 14th Creating a Virtual Classroom

Come and see how the new STUDENT PORTAL can allow you to communicate with your students and their parents in a safe and secure environment. You will be able to create discussions, share upcoming assignments and announcements.

Professional Development Series

We are happy to offer once again, our **Dinner and a Program** Professional Development Series

To register please visit the School District 2 Portal and select the Professional Development tab.

All sessions start at 4 pm and run until 7pm – dinner is provided on site. (Edith Cavell Large Conference Room)

Technology Mentors

February 17th Senteo Classroom Responders

Come and learn how to use the Senteo Classroom Responders to create formative assessments for your classroom

March 10th SMARTBoard Resources

This session is intended to be informational as well as a share session to further Smartboard classroom use. Please bring any lessons that you would like to use with the SMARTboard as well as any SMARTboard resources that you have made and tested in the classroom.
