

Attention New Brunswick Educators Spring Virtual Conference 2010: Connect the Thoughts

Educators worldwide are invited to join online and in-person for Discovery Education's Virtual Conference: Connect the Thoughts. The high-quality, professional development seminars scheduled for this event will focus on providing attendees the skills, techniques and tools they need to leap into the world of digital content and educational technology. You will have the opportunity to learn from education experts from across the U.S. and Canada that will bring you new insights. During this unique professional development event you have the flexibility to attend online or in-person at one of many regional events hosted by DEN Leadership Councils.
